POUILLY-FUISSÉ 1ER CRU
"AU VIGNERAIS"

VINE

Plot :

Pouilly Fuissé au vignerais is located in the commune of Solutré.
This 1er cru includes the cadastral areas of Les Vignerais and Les Crays, which lie just below Les Vignerais.

Soil :

Soil composed of limestone with marl beds. Very chalky in depth

In the vineyard :

Plot entirely ploughed. One pass with a pickaxe is made during summer work.
Harvested by hand.

Grape variety: Chardonnay 100%.
Vineyard area: 0.23 ha
Average age of vines: 45 years

VINIFICATION & AGEING

Winemaking :

Pressing in a pneumatic press for 2h00.
Press juices are set aside.
Static settling at 15°c for 12-24h.
Barrel filling and fermentation with indigenous yeasts.

Ageing :

Aged 11 months on fine lees in 1-year-old barrels

Alcohol content : 13.3% vol.

TASTING & SERVING

Tasting notes :

Golden yellow wine with golden highlights. Clear, limpid and brilliant. Open nose with fine oak. Ripe fruit, plum and pear aromas. Beautiful finesse.
Excellent fruit/wood balance.
Bouche : Palate: Ample and full-bodied. The grain of the wood carries through to the finish. Fine, long finish.
Potentiel de garde : 5 to 10 years

Service :

Store between 12 and 16° at constant temperature.
Serve at 13°.

Classic food & wine pairing :

Riz de Veau, creamy chicken, fish, shellfish, cheese.

GRANDS VINS DE BOURGOGNE

ABOUT US

Our work as winemakers involves a great deal of manual labor, especially on our plots where the slope
where the slope makes it impossible to use any mechanical equipment.

Almost all harvesting is done by hand, to take care of the grapes from one end of the process to the other.

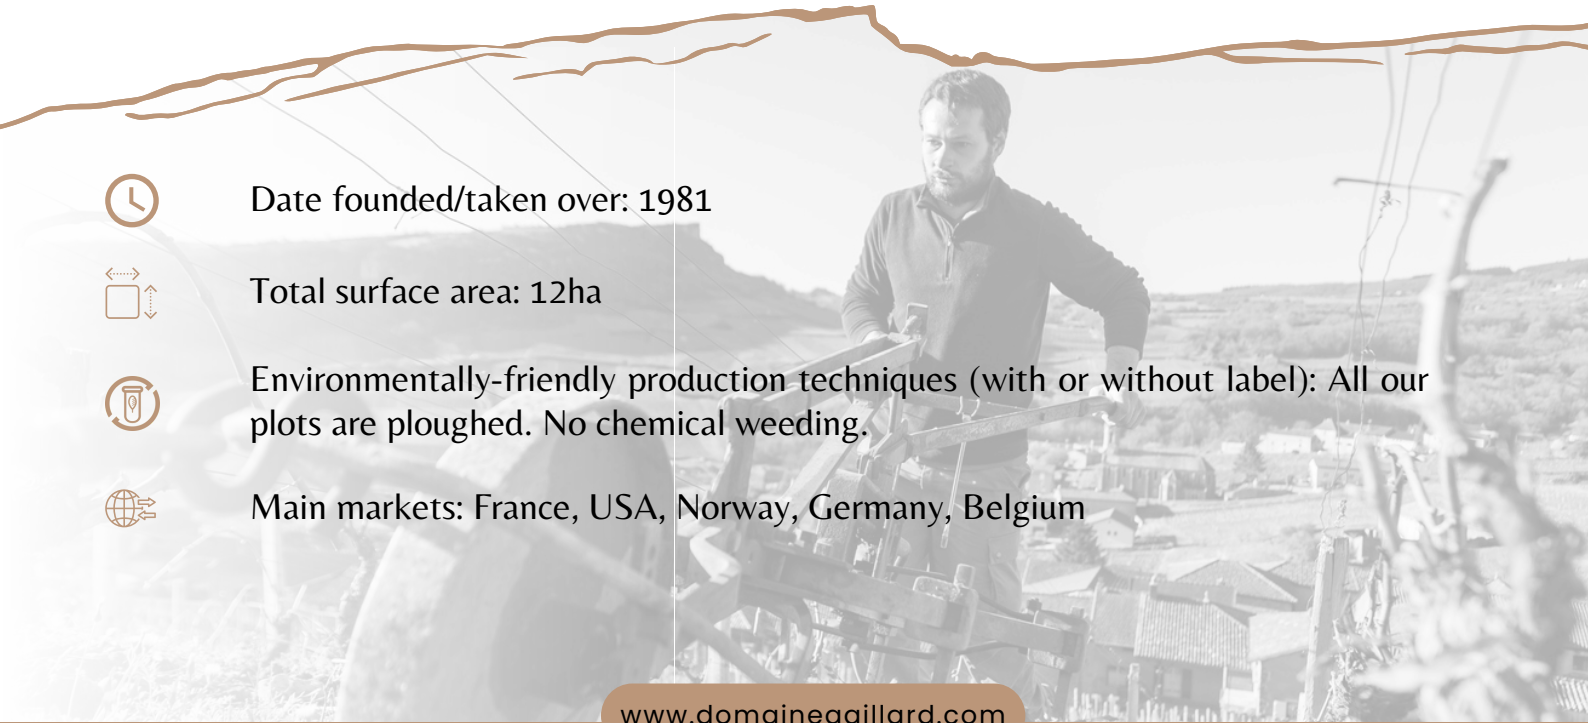
To respect both the environment and the wine, we practice sustainable viticulture.

We maintain grassed plots and are moving towards a moderate use of inputs. Ploughing, digging, harvesting, pruning... we work in our vines every day.

Looking after them remains our essential task.

SPECIFICATIONS

Contains sulfites - Does not contain eggs or egg products - Does not contain milk or milk products



Date founded/taken over: 1981

Total surface area: 12ha

Environmentally-friendly production techniques (with or without label): All our plots are ploughed. No chemical weeding.

Main markets: France, USA, Norway, Germany, Belgium
